General Contracting

Small to mid-size projects managed start to finish

You tell us what you need — we handle coordination, scheduling, and quality control from day one through final walkthrough. One call, one point of contact, no headaches.

✓ LICENSED & INSURED — STATE OF MARYLAND

Site Prep & Grading

Clearing, grading, and compaction — every project starts with a proper foundation to build from.

Subcontractor Coordination

We keep the right trades on schedule so nothing falls through the cracks between jobs.

Quality Control

Every phase checked before the next one starts — problems caught early, not after everything is finished.

Budget Management

Upfront on costs from day one. No surprise bills, no decisions made without your approval.

Concrete Construction

Patios, sidewalks, driveways & more — poured and finished right

Patios

Custom shapes, poured flat and level. Smooth, broom, or exposed aggregate finish. Built to last without heaving or cracking.

Sidewalks & Walkways

Properly graded for drainage and finished clean. Residential and commercial — done right the first time.

Driveways

New pours and replacements with proper base prep and grading. We handle demo all the way through final finish.

Pool Decks & Slabs

Pool surrounds, footings, shed pads, stoops — if you need concrete poured and finished, we handle it.

Thank You & God Bless

Concrete Engraving

Custom designs cut permanently into any existing concrete surface

WHAT WE DO

Update, Decorate, or Brand Any Concrete Surface

You don't need new concrete. We work on any existing cured surface — a driveway that's already down, a patio from years ago, a warehouse floor, a sidewalk slab. Designs are cut permanently in, then filled with colored epoxy to make them pop, or left with a clean natural finish. No demolition. No replacement.

Ideas

🎨 **Patio Decorating**

Turn a plain concrete patio into a custom outdoor space. Add borders, patterns, family names, or custom artwork — permanently engraved and built to last outdoors for years with no maintenance.

💰 **Fundraising**

A great way to ask for donations while selling space that's already owned in sidewalks and parking lots. Donor names, business ads & legacy tributes — schools, churches & nonprofits use this for capital campaigns and lasting recognition projects.

⚠️ **Safety Markings** — paint fades, tape peels, engraving lasts forever

- 🚪 Emergency exit routes
- 🚜 Forklift & vehicle lanes
- 🔥 Fire lanes & safety zones
- 🏁 Assembly & muster areas
- 📦 Loading dock zones
- ⛔ Hazard & restricted zones
- 🚶 Pedestrian walkways
- ⛑️ First aid stations
- 🅿️ Parking space markers
- 🚧 Authorized access only

READY TO ENGRAVE?

Send us a photo of your surface — free quote, no pressure.

Stone & Memorial Work

Custom engraved stone markers, address slabs & memorial pieces

CUSTOM STONE MARKERS

End-of-Driveway Address Slabs

We build custom concrete slabs that look and feel like natural stone, then engrave your address, family name, or a custom design right into the surface — stained and finished with epoxy to create something that truly stands out at the end of your driveway. A permanent upgrade that adds curb appeal and makes your property easy to find. We build them in any size from a compact **2×2 ft** all the way up to a grand **6×6 ft** entrance piece — want something that wows every guest the moment they pull in? We can do that.

- Custom address & family name markers
- Engraving + staining + epoxy finish
- Built to last, looks like natural stone
- Any size — 2×2 up to 6×6 ft custom entrance pieces

MEMORIAL ENGRAVING

Headstones & Memorial Pieces

We treat every memorial project with the care it deserves. You pick out the stone — we handle the engraving. Names, dates, portraits, scripture, or whatever design honors your loved one best. We move quickly so you're never left waiting during a difficult time.

- Headstone engraving
- Memorial benches & tribute slabs
- Fast turnaround — we don't leave you waiting
- Handled personally, every time

For memorial work, reach out directly — we'll take care of you.
